MESSAGE FROM THE PRESIDENT

INTRODUCTION

It is once again my extreme honor and privilege to present the Fiscal Year 2022/2023 Sales & Marketing Plan and Program of Work. It is not lost on me that I begin this second year having recently celebrated my one-year anniversary back with an organization and team that make me so proud. I am incredibly excited to enter the year with a veteran group of experienced and committed professionals, supplemented by the addition of several key leadership positions.

The preparation and submission of the budget and plan marks another year of transition in the “post-pandemic” phases of rebounding, repositioning and, in many cases, seizing upon and maintaining the momentum our destination and our community has experienced. This proposed budget has been vetted by both our Finance Committee and our Executive Committee. I would like to take this opportunity to especially acknowledge and thank Bruce Orosz, Chairman of the Board, and Elizabeth Hicks, Chair of the Finance Committee, for their dedication of time, commitment and wise counsel throughout the process.

The overall proposed net revenue (\$41.2 M) for the upcoming Fiscal Year aligns closely with, albeit slightly lower than, the projected revenue (\$41.9 M) of the current Fiscal Year. This will allow us to maintain similar levels of investment and resource deployment. It was made possible by a mid-year adjustment and expansion of investments due to much higher collections of actual revenues than what was originally budgeted to begin our Fiscal Year. This positive variance is a direct result of record levels of visitors and even higher record levels of collections generated by the strongest and highest Average Daily Rate (ADR) in the nation.

One of our greatest challenges and opportunities in the year to come is, in fact, investing to support and maintain this significantly higher level of a perceived and promoted value proposition and visitor experience.

VISITOR DEMAND (ROOMS SOLD) AND HOTEL REVENUE

Greater Miami & Miami Beach’s recovery is well documented and celebrated. For the first 11 months (October–August) of Fiscal Year 2021/2022, Greater Miami & Miami Beach’s Hotel Demand (rooms sold) increased by 24% and the Average Daily Rate (ADR) our hoteliers were able to command increased by 26.2%. In Fiscal Year 2021/2022, the Convention Development Tax (CDT) was up 57.7% and the Tourist Development Tax (TDT) was up 62.2%. The 2% Hotel Food & Beverage Tax was up 87.5% from October through August year-over-year. Overall Visitation for the first nine months (October–June) increased 47.5% over the same period from one year ago for a total of 20.8 million visitors.

Perhaps one of the best barometers is to compare ADR figures with similar data for the same period in 2019 (pre-pandemic). As of the end of September 2022, Miami-Dade County’s weekly ADR was pacing 29.6% ahead of September 2019 figures for the same weeks. As noted earlier, maintaining this momentum – fueled by targeting and segmenting visitors and delegates to achieve this level of performance – is one of our highest, if not our highest, priorities and challenges.

LOOKING AHEAD

I welcome you to read the Program of Work for each GMCVB division and team outlined in this report. Several key priorities guide these strategies and tactics. Chief among them, the Greater Miami Convention & Visitors Bureau team and apparatus is in the business of “Story Telling.” This is all about designing a content strategy that brings these stories to life in the eyes, hearts and minds of our visitors, our meeting and event planners, and our member partners.

This priority cannot be achieved without active and ongoing engagement with our consumers, clients, member partners and stakeholders, including our Board and the elected bodies and officials who support our mission.

Audience development remains a key priority in the year to come as we focus on identifying and targeting visitor segments and engaging with these visitors before, during and after their stays.

Fueling this development will be predicated on our ability to expand our destination's and our partners' value proposition. This can best be articulated as our brand promise and/or the north star that guides us.

Driving this development is our commitment and investment in our team of professional staff members – their deployment and their continued development and growth.

In this important time and ongoing evolution, all must be at the table. Our commitment to Diversity, Equity and Inclusion must not waver. Rather, it must now be built upon. Plans include an intentional exercise in taking time to focus resources on planning for our future and that of our partners. Lastly, this will only be possible by being aligned with our partners and their needs and priorities.

CONCLUSION

If anything, this past Fiscal Year simply speaks to the incredible resilience and even greater potential of Greater Miami & Miami Beach. As we move into the new Fiscal Year, we will continue to monitor other drivers of our business that, while growing, continue to remain just at the cusp of their fullest potential, including our cruise industry, meetings, conventions, major trade shows and international travel. We will prepare for these favorable changes by continuing to bring back staff to expand upon our growth and potential.

This Fiscal Year 2022/2023 Annual Budget and Program of Work is designed to give our team the resources to continue to fuel the next level of performance and support our partners. In telling our story, and yours, we must define and distinguish all aspects of our diverse partners, experiences and neighborhoods.

My sincere thanks go out to all staff for the hard work and dedication put into preparing this Annual Budget & Program of Work. I would like to thank Rolando Aedo, Al West, Carol Motley and Connie Kinnard for the outstanding work they, their senior and director colleagues, and the entire staff put into preparing their teams' budget sections. I would like to especially thank Al West and the Finance & Administration team for shepherding this through our governance process.

Respectfully submitted,

David Whitaker,
President & CEO

PARTNER BENEFITS & OPPORTUNITIES

Sales Missions — The GMCVB conducts national and international sales missions targeting existing and emerging markets to promote Greater Miami & Miami Beach as the destination of choice for travel advisors and tour operators for travel industry promotion.

Trade Shows — Throughout the year, Travel Industry Sales creates special exhibits designed to target key decision makers at important industry trade shows. Opportunities exist for partners to attend trade shows with our sales staff and send brochures for distribution at the shows.

Familiarization (FAM) Tours — One of the most effective ways of selling the destination is to bring key decision-makers to the destination. The GMCVB arranges well-planned itineraries to allow participants to experience firsthand the many attributes of Greater Miami & Miami Beach. FAM clients include meeting planners and tour operators. Partners play a vital role by contributing key elements to sponsor FAM tours, and opportunities are available throughout the year.

BUSINESS DEVELOPMENT & PARTNERSHIP

The GMCVB's Business Development & Partnership Division will focus on increasing its number of active partner companies and restoring them to pre-pandemic numbers. At the same time, it will be highlighting new GMCVB marketing opportunities as well as fostering participation in partner staff training opportunities during the 2022/23 fiscal year. These efforts will further expand private revenue opportunities, encourage a sense of community pride, and showcase GMCVB collateral materials, digital platforms and sponsorship programs. The team will continue to drive participation throughout these GMCVB platforms, which will result in heightened awareness of the GMCVB brand regionally. GMCVB partners will also continue to benefit from the Bandwango platform, which will drive incremental business into various sectors of the community.

GOAL

Establish and continue to increase a core base of GMCVB members/partners to provide local partners, visitors and convention attendees with a diverse array of services and positive experiences. The division generates vital private sector revenue in support of GMCVB operations through partner dues revenue, event sponsorship and digital platform advertising sales. The division provides its partners with key benefits/services and a variety of marketing opportunities year-round. It also leverages marketing initiatives, including Miami Temptations program opportunities, for the GMCVB and the destination as a whole. The GMCVB shares, with its member institutions and the community, the benefit and/or negative impact of the delivery of customer service and service employees' attitudes. To that end, the GMCVB will continue to engage with other partners as well as GMCVB staff to positively promote and support the continued commitment to excellence in customer service through Miami Begins with Me training promotion, as well as additional ADA business training programs throughout the community.

STRATEGY

Provide a strong value proposition for partners, particularly with the new destination website, extranet tools, job board and customer service training areas. Increase partner-to-partner interaction at in-person as well as virtual networking events with continued personalized outreach from the partnership team, further engaging with partners to help them learn more about opportunities to showcase their businesses and services as well as help make B2B connections.

- New Partner Orientation – offering new partners the opportunity to interact with each department directly and learn how to maximize their opportunities – will continue to be offered on a quarterly basis as a virtual event or in person. Individual meet and greets with GMCVB staff will be scheduled as appropriate to further connect GMCVB teams with partners.
- Host one annual table-top expo event for partners to showcase their products/services.
- Using third-party partner, Bandwango, create custom visitor experiences, including Arts Mural Trails, Heritage Trails, Craft Brewery Passes and other niche programs to drive visitors to the destination's neighborhoods and small businesses.

- Generate monthly Partner e-Newsletter content to include recaps from partner events, partner products and company launches, as well as regularly updated opportunities for sales missions, trade shows, familiarization tours, press trips and social media marketing.
- Drive engagement with GMCVB partners to join the Partner Social Media pages, including LinkedIn and Facebook.

- Provide a printed new partner welcome package to include How-To Guides, Co-op Advertising, Digital Marketing Opportunities, GMCVB Key Staff Contact Roster and other useful tools to foster business relationships.
- All renewing partners will continue to get a personalized Partnership Certificate each year to display.

Lure Fishbar

Lure Fishbar has once again docked at [Loews Miami Beach Hotel](#), bringing its treasure trove of fresh catch dishes and vibrant bar scene back to South Beach. A staple for seafoodies and a haven for Miami locals, Lure's consistent, catch-of-the-day freshness and posh nautical motif have made it the place for honest seafood.

Cheers to the Sea is priced at \$199 and features a bottle of bubbly paired with Lure's signature Plateau Royale. Fans of Lure (and new Lure lovers) can enjoy an array of raw bar, crudo and sushi offerings prepared by Executive Sushi Chef Khaleel Ali, as well as Miami-inspired appetizers, entrees, surf and turf and more at the hands of Executive Chef James Kelly. Hamachi Ponzu Crispy Rice, Lobster Fra Diavolo, Squid Ink Tagliatelle and cavalar service are among the new menu additions.
